

Focusing upon the arguments Newman uses to define Catholicism against the hostility of English protestants, this book is a reader's guide to the books Newman published soon after his own conversion: *Mixed Congregations*; *Difficulties of Anglicans*; *Present Position of Catholics*, and his two novels. While the arguments advanced in *Difficulties of Anglicans* and *Present Position of Catholics* are confrontationally direct, his novels *Loss and Gain* and *Callista* respond to the attacks of Elizabeth Harris's *From Oxford to Rome* and Charles Kingsley's *Hypatia* by the indirection which typifies Newman's fictional rhetoric.
